

LANDSCAPE CONSULTATION & DESIGN SERVICES

Westside Grounds offers customized landscaping services tailored to fit your property's needs. We'll work with you to create a plan that fits your budget and helps bring your vision to life—whether it's a full project or ongoing maintenance.

With years of experience and a deep understanding of plants, we help bring beauty, function, and comfort to your outdoor spaces—just the way you imagined.

CALL TO SCHEDULE YOUR ON-SITE VISIT

(720)939-2109

Every consultation and design package begins with a visit to your property from one of our experienced and certified team members.

Here's what to expect:

- One of our designers will meet you on-site to go over your vision, goals, priorities, and any challenges specific to your property.
- Our team will develop a custom design based on the direction you choose.
- If you move forward with Westside Grounds for installation, we'll schedule the work after the proposal is finalized and the deposit is received. Your designer will stay involved through planning and installation to ensure everything stays on track.

CHOOSE FROM OUR LANDSCAPE DESIGN SERVICE OPTIONS

Option

1

On-Site Visit Consultation

Our on-site consultation includes plant ID, pruning tips, landscape suggestions, and product recommendations. We'll also provide a follow-up estimate tailored to your needs.

Option

2

Consultation with Design Mockups

Our design consultation includes a site visit, discussion of your goals, and custom mockups to help visualize the space. We'll follow up with a detailed estimate based on the design.

Option

3

Professional Landscape Design/Master Plan

Our professional landscape design includes a full site analysis and a detailed master plan tailored to your property. You'll receive scaled drawings, plant selections, and a clear layout—plus a full estimate to bring it all to life.
